Original language

Yes.

Article 80(2) provides that “crypto-asset service providers receiving and transmitting orders for crypto-assets on behalf of clients shall not receive any remuneration, discount or non-monetary benefit in return for routing orders received from clients [...] to another crypto-asset service provider”, meaning that it is prohibited to receive payments or benefits when providing the service of receiving and transmitting orders for crypto-assets on behalf of clients.

In addition, Article 80(2) provides that “crypto-asset service providers receiving and transmitting orders for crypto-assets on behalf of clients shall not receive any remuneration, discount or non-monetary benefit in return for routing orders received from clients to a particular trading platform for crypto-assets...” meaning that it is prohibited to receive payments or benefits when providing the service of executing orders for crypto-assets on behalf of clients.
