Directive (EU) 2018/1972 of the European Parliament and of the Council of 11 December 2018 establishing the European Electronic Communications Code (Recast)Text with EEA relevance.	20(1)	Member States shall ensure that undertakings providing electronic communications networks and services, associated facilities, or associated services, provide all the information, including financial information, necessary for national regulatory authorities, other competent authorities and BEREC to ensure conformity with the provisions of, or decisions or opinions adopted in accordance with, this Directive and Regulation (EU) 2018/1971 of the European Parliament and of the Council (1). In particular, national regulatory authorities and, where necessary for performing their tasks, other competent authorities shall have the power to require those undertakings to submit information concerning future network or service developments that	Upon certain conditions being fulfilled	Undertakings	Member States

		could have an impact on the wholesale services that they make available to competitors, as well as information on electronic communications networks and associated facilities, which is disaggregated at local level and sufficiently detailed to enable the geographical survey and designation of areas in accordance with Article 22. Where the information collected in accordance with the first subparagraph is insufficient for national regulatory authorities, other competent authorities and BEREC to carry out their regulatory tasks under Union law, such information may be inquired from other relevant undertakings active in the electronic communications or closely related sectors. Undertakings designated as having significant market power on wholesale markets may also be required to submit accounting data on the retail markets that are associated with those wholesale markets. National regulatory and other competent authorities may request information from the single information points established pursuant to Directive 2014/61/EU. Any request for information shall be proportionate to the performance of the task and shall be reasoned. Undertakings shall provide the information requested promptly and in accordance with the timescales and level of detail required.

Commission Implementing Decision (EU) 2016/687 of 28 April 2016 on the harmonisation of the 694-790 MHz frequency band for terrestrial systems capable of providing wireless broadband electronic communications services and for flexible national use in the Union (notified under document C(2016) 2268) (Text with EEA relevance)	6	Member States shall monitor the use of the 700 MHz frequency band and report their findings to the Commission upon request or at their own initiative in order to allow timely review of this Decision, as appropriate.	Upon Commission's request	Member States	European Commission

Commission Implementing Decision (EU) 2018/1538 of 11 October 2018 on the harmonisation of radio spectrum for use by short-range devices within the 874-876 and 915-921 MHz frequency bands (notified under document C(2018) 6535) (Text with EEA relevance.)	4	Member States shall monitor the use of the 874-876 MHz and 915-921 MHz frequency bands, including the potential use of the 874,4-876 MHz and 919,4-921 MHz sub-bands for the future railway mobile communications system (FRMCS), and report their findings to the Commission upon request or at their own initiative in order to allow regular and timely review of the Decision.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2019/784 of 14 May 2019 on harmonisation of the 24,25-27,5 GHz frequency band for terrestrial systems capable of providing wireless broadband electronic communications services in the Union (notified under document C(2019) 3450) (Text with EEA relevance.) as amended by Commission Implementing Decision (EU) 2020/590 of 24 April 2020	7	(...) Member States shall monitor the use of the 24,25-27,5 GHz frequency band, including the progress on co-existence between the terrestrial systems referred to in Article 1 and other systems using the band, and report their findings to the Commission upon request or at their own initiative to allow a timely review of this Decision.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2019/785 of 14 May 2019 on the harmonisation of radio spectrum for equipment using ultra-wideband technology in the Union and repealing Decision 2007/131/EC (notified under document C(2019) 3461) (Text with EEA relevance.) as amended by Commission Implementing Decision (EU) 2024/1467	4	Member States shall monitor the use of the bands identified in the Annex by equipment using ultra-wideband technology, in particular to ensure that all the conditions laid down in Article 3 of this Decision continue to be relevant, and report their findings to the Commission.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2021/1730 of 28 September 2021 on the harmonised use of the paired frequency bands 874,4-880,0 MHz and 919,4-925,0 MHz and of the unpaired frequency band 1900-1910 MHz for Railway Mobile Radio (notified under document C(2021) 6862) (Text with EEA relevance)	4	(...) Member States shall monitor the use by RMR of the frequency bands subject to this Decision and report their findings, including any impacts on interoperability related to spectrum issues, to the Commission upon request or at their own initiative to allow a timely review of this Decision, where needed.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2022/173 of 7 February 2022 on the harmonisation of the 900 MHz and 1800 MHz frequency bands for terrestrial systems capable of providing electronic communications services in the Union	6	Member States shall keep the use of the 900 MHz and 1800 MHz bands under permanent review to ensure the efficient use thereof, and in particular report as soon as necessary to the Commission any need for a revision of this Decision, in compliance with EU law.	Upon Commission's request	Member States	European Commission

and repealing Decision 2009/766/EC (notified under document C(2022) 605) (Text with EEA relevance)

Commission Implementing Decision (EU) 2022/179 of 8 February 2022 on the harmonised use of radio spectrum in the 5 GHz frequency band for the implementation of wireless access systems including radio local area networks and repealing Decision 2005/513/EC (notified under document C(2022) 628) (Text with EEA relevance)	4	Member States shall monitor the evolution of standards and technology in relation to the use of the 5 150-5 250 MHz, 5 250-5 350 MHz and 5 470-5 725 MHz frequency bands for WAS/RLANs and report their findings to the Commission at the latter's request or on their own initiative in order to allow for a timely review of this Decision.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision 2013/195/EU defining the practical arrangements, uniform formats and a methodology in relation to the radio spectrum inventory established by Decision No 243/2012/EU of the European Parliament and of the Council establishing a multiannual radio spectrum policy programme	6	In order to assist the Commission in reporting on the functioning of the radio spectrum inventory, Member States shall provide the Commission with information on the application and effectiveness of this decision.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2024/1983 on the harmonisation of the 40,5-43,5 GHz frequency band for terrestrial systems capable of providing wireless broadband electronic communications services in the Union	7	Member States shall provide the Commission with all necessary information on the implementation of this Decision immediately after the adoption of the relevant national measures.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision (EU) 2024/340 of 22 January 2024 on harmonised conditions for the use of radio spectrum for mobile communication services on board vessels in the Union, repealing Decision 2010/166/EU	5	Member States shall submit a report to the Commission on their findings with regard to the review referred to in Article 4. The European Commission shall, where appropriate, proceed to a review of this Decision.	Upon Commission's request	Member States	European Commission
Commission Implementing Decision 2012/688/EU of 5 November 2012 on the harmonisation of the frequency bands 1920 - 1980 MHz and 2110 - 2170 MHz for terrestrial systems capable of providing electronic communications services in the Union (notified under document C(2012) 7697) Text with EEA relevance as amended by Commission Implementing Decision (EU) 2020/667 of 6 May 2020		Member States shall keep the use of the paired terrestrial 2 GHz band under scrutiny and report their findings to the Commission to allow regular and timely review of this Decision.	Upon Commission's request	Member States	European Commission

Commission Decision 2006/771/EC on harmonisation of the radio spectrum for use by short-range devices as amended by commission decision 2008/432/EC of 23 May 2008, COMMISSION DECISION 2009/381/EC of 13 May 2009, Commission decision 2010/368/EU of 30 June 2010, commission implementing decision 2011/829/EU of 8 December 2011, commission implementing decision 2013/752/EU, of 11 December 2013 Commission Implementing Decision (EU) 2017/1483 of 08 August 2017, COMMISSION IMPLEMENTING DECISION (EU) 2019/1345 of 2 August 2019, commission implementing decision (EU) 2022/180 of 8 February 2022 and commission implementing decision (EU) 2025/105 of 22 January 2025 [to be checked if separate Acts or amendments of the same Act]	4	Member States shall keep the use of the relevant bands under scrutiny and report their findings to the Commission to allow regular and timely review of the Decision.	Upon Commission's request	Member States	European Commission
Commission Delegated Regulation (EU) 2023/1127 of 2 March 2023 supplementing Regulation (EU) 2022/2065 of the European Parliament and of the Council with the detailed methodologies and procedures regarding the supervisory fees charged by the Commission on providers of very large online platforms and very large online search engines (Text with EEA relevance)	6(3)	At the latest by 30 September of each year, the Commission shall communicate to each provider of designated service or services identified pursuant to Article 3 the provisional determination of the amount of supervisory fee for all designated services provided by that provider calculated in accordance with the methodology set out in Articles 4 and 5. The provider shall communicate to the Commission any observation on such calculation within two weeks from receipt of the communication of that provisional determination.
